

Joint letter addressed to Their Excellencies Mr. Binyamin Netanyahu, the then-Prime Minister of Israel and the then-leader, the late Mr. Yassir Arafat of Palestine, and published in April 29, 1997 in the book entitled, Ethiopia: The Classic Case:

Your Excellencies:

In the Names of our Divine Sovereigns -The Eternal Priestly King Jesus Christ and The Eternal Holy Maternal Queen Mary the Vigin- I extend to you and to your peoples my sincere greetings with respect and humility.

I am highly honoured to present to you herewith and in deep solemnity the Message of “The Divine Truth about Ethiopia and Ethiopianism”. Please accept it in the same spirit.

I pray that you will peruse it accordingly, react to it favourably and allow it to be communicated appropriately to your peoples in general and to the pertinent officials under your leadership in particular.

I am writing to remind you, with all due respect and with utmost gravity, about the ONE HUMBLE AND IMMUTABLE FACT which continues to cry out, loud and clear, but to which no one seems to heed. IT proved to the world, beyond any doubt, of ITS authenticity as the only catalyst destined to bring forth the consummate solution and the lasting peace to the impasse of your unending Middle-East strife that caused such great affliction upon you, your peoples, the Children of Abraham, for so long.

I do not mean to refer to the political wisdom of human beings, neither to their economic plethora nor to their military power upon which you appear to rely very heavily and confidently, even if the utilization of each and all of these potentials in every case resulted in utter futility.

The focal point to which I am appealing to draw your attentions is THE DIVINE TRUTH, that was revealed physically to your forefathers almost two thousands years ago as the Final Call of God of Abraham, your common Patriarch, shedding not only ITS tears but also ITS BLOOD for your Atonement and for your complete reconciliation within yourselves and with one another. Even today, IT pervades spiritually within you and pleads with you in living testimony right here in your midst, in the very heartland of your country which stubbornly persists to this moment in the vain fratricidal bloodshed.

I earnestly implore you and your peoples to hearken and submit to THIS LIVING DIVINE TRUTH, for the sake of yourselves and your peoples who suffered enough, as well as for the sake of your posterity and humanity as a whole.

Wishing you and your peoples all the Goodness from God,

I remain,

Respectfully yours in Christ,
